**Southern Comfort**

When it comes to design, it's hard to argue with Charleston's appeal. Trad lovers find plenty to admire in the city's filled-to-the-rafters antiques stores, while modern aesthetes embrace the forward-leaning style that's on display in restaurants that are redefining what it means to be southern. No wonder it's the perfect place to book your next design weekend getaway. Here's what you need to know.

### Where to Stay

Book one of the recently renovated rooms at the stately **Belmond Charleston Place**, a Grande Dame in the heart of the city's pulsing shopping district. From the moment you step through the doors, a sense of history pervades the space: above you, a 12-foot crystal chandelier punctuates a Georgian-style open arm staircase in the lobby, and era-appropriate tapestries and fabrics such as chintz greet you at every turn.

**Two Boroughs Larder** actually straddles the neighborhoods of Cannonborough and Ellettsborough, but at times it feels like the hyper-local restaurant and market has one foot in Berkeley, California (the site of Alice Waters's Chez Panisse) and Brooklyn, New York. There's even shelving made out of plumbing pipes.
