Looking for the best beaches for surfing in the United States? Our country is home to numerous action-packed beaches suitable for both beginners and experts. Large and powerful waves account for an unforgettable experience that make the surfer's time in the water worthwhile. On the other hand, manageable or low waves build a perfect beginner's guide to understanding the height of waves. If you're ready for the ultimate adventure, you may be wondering which beaches experts agree are the very cream of the crop in the U.S. for surfers.

## 4. Folly Beach, South Carolina

We've already ranked the historic city of Charleston as one of the [Best of the Best Places to Retire](#). As it turns out, not too far down the street is one of the best beaches for surfing in the U.S. "This chill surf town is 20 minutes south of Charleston, making Folly Beach an awesome place for a surfing and culture trip. While the west coast and Hawaii see more consistent swells with longer rides, if you hit Folly Beach on a hurricane swell, you won't be disappointed. If you are in the Southeast, Folly Beach is one of the best surf beaches in the area," writes [Trip Outside](#).

Why is The Washout such a perfect spot for surfer? According to [Salty Home](#), "It is a long beach break that can become quite powerful during hurricanes swells or northeastern swells."

Adds [TripSavvy](#): "In South Carolina, the lovely Folly Beach draws surfers who enjoy a laid-back vibe and a pumping surf break. Located just south of Charleston, Folly Beach is a favorite local getaway on the Atlantic Ocean—with a pier, several parks, and an abundance of shops, restaurants, and great family fun. New and experienced surfers here can enjoy several waves in the area year-round, as the temperatures here are relatively mild. If you're seeking lessons, there are a number of surf shops to choose from, including Oceans Surf Shop and McKevlin's Surf Shop."
